Harold-

Still without newspapers so much like you have had no news about anything of value.

John has not been in the news at all.

Jerry and James Earl were interviewed by John Cable KSD-TV last week about the conspiracy allegations about Jerry from the committee. Cable was at Bushy Mt. and interviewed Jerry, ~~John~~ James, and James wife. Nothing really of importance.

The letters to Bell and Webster could question them about having copies of the tapes + or mags (stolen prop.)

According to Baety a meeting was held between Blakey, Bell and Webster and someone else after the at which the map + letter were turned over and discussed by the A.G. + FBI. Jerry was, according to Baety put under 24 hr. a day surveillance by the F.B.I. because of the map. This meeting would could possibly indicate that Bell, Webster and the rest were in possession of stolen property — not even to mention the possibility of receiving the tapes which implications then are obvious. Rules of H.S.C.A. state no electronic surveillance of any kind.

and the meeting held between them and Blakey in D.C. shortly after receiving the map. Possibly coincidently questioning if Baety had indeed told me the truth or not about the meeting.

Meaningful or not on Sept 15, 1978 I was set to talk to the H.S.C.A. in New York and ironically on the same day Bell was in St L. addressing a meeting about how the ghost of Watergate still lingers over the A.G. office and that he probably would not be A.G. if Castle runs again because of Watergate inuendos about the office of A.G.

I have been in touch with John Lee of the ACLU here in St. L. and talked a long time but mailed him some info and haven't heard anything.

I have the original tapes of the Boeky-Patterson etc. phone calls — Confidential —

Would you like copies of the cassettes of the interviews in N.Y. — I know you have transcripts.

I will make you audio tapes of TV + Radio broadcasts which I have which might pertain to anything.

No one I know has ever even heard of Blair Dragjet. Johns P.D.

I'm mailing you a tape of and interview which was played in St. L. by Clark on KSD-TV called Jerry Ray goes public. If you already have it - use the tape for something else. It 5 segment at about 5 min apiece and I think on both sides. Taped right after break-out attempt last year.

Enclosed is copy of letter from H.S.C.A.

I'll be in touch.

Ollie

Letter from H.S.C.A. kind of proves that I did work for them - doesn't it?

It leaves it open as to how much they are going to pay me $5 or $500 - probably 5¢!!

I am supposed to appear on a local interview show on KMOX-TV to be taped Jan 14, 78 with a professor from St L's Washington U. and discuss the H.S.C.A. Will keep you informed of that.
